

The **ADL** (Anti-‘Defamation’ League) **Lies** about:

“Little Mary Phagan,” the thirteen-year-old White girl who was raped and murdered by Atlanta B’nai B’rith Jewish leader Leo Max Frank on April 26, 1913.

Over 100 years later, the ADL is still claiming that Leo Frank was “innocent”. And the ADL still scapegoats the Blackman (“Jim Conley”) as the killer. The ADL (Anti-‘Defamation League) was formed, in 1913, to defend Leo Frank.

The evidence against Leo Frank was so overwhelming, that the all White jury of 1913, in Atlanta, Georgia found that *Black man, ‘Jim’ Conley*, (who Leo Frank’s lawyers were trying to frame) **INNOCENT**.

Leo Frank was found guilty and an immediate uproar in the NYC Jewish community resulted in the formation of the ADL (Anti-‘Defamation’ League). Despite all of Leo Frank’s political connections and wealth, the honorable White people of Georgia exonerated ‘Jim’ Conley from being framed by the lawyers of Leo Frank.

Leo Frank’s enormous political connections resulted in him having his sentence commuted by the Georgia governor. This ultimately resulted in the “Knights of Mary Phagan” finally serving the justice that Leo Frank deserved.

In Talmudic Jewish Law:

>>“If a Jew murders a ‘goy’ there will be no death penalty.” (Sanhedrin 57a).

What a Jew steals from a ‘goy’ he may keep.”

>>> “Girls born of the ‘goyim’ are in a state of ‘niddah’ (menstrual uncleanness!) from birth.” (Abodah Zarah 36b)
